

# A Bibliography of the Publications of Max H. Hommersand

Compiled by Kari A. Kozak, William R. Burk, and Ian Ewing  
University of North Carolina at Chapel Hill

## Volume 1

1963

The morphology and classification of some Ceramiaceae and Rhodomelaceae.  
University of California Publications in Botany 35: 165-366.

Some effects of monochromatic light on oxygen evolution and carbon dioxide fixation in *Chlorella pyrenoidosa*, pp. 381-390. In Committee on Photobiology of the National Academy of Sciences, National Research Council (editor), Photosynthetic mechanisms in green plants, Publication 1145. Washington: National Academy of Sciences, National Research Council.

1965

(with Kenneth V. Thimann). Terminal respiration of vegetative cells and zygospores in *Chlamydomonas reinhardi*. Plant Physiology 40: 1220-1227.

1966

Review of Jerome L. Rosenberg. 1965. Photosynthesis. Bioscience 16: 128.

1967

[Abstract]. Parameters of oxygen evolution in *Elodea*, p. 267. In Proceedings: abstracts of papers and addresses presented at the 64th Annual Convention of the Association of Southern Agricultural Workers, Inc., New Orleans, Louisiana, January 30-February 1, 1967. [s.l.: Association of Southern Agricultural Workers].

1968

Review of E. Yale Dawson. 1966. Seashore plants of Southern California. Environment Southwest 402: 3.

1969

[Abstract]. Perspectives in algal phylogeny, Abstract 20. *In* Conference on Phylogenesi and Morphogenesis in the Algae, Monday, December 15, Tuesday, December 16, and Wednesday, December 17, 1969. New York: The New York Academy of Sciences, Section of Biological and Medical Sciences.

1970

(with D. W. Ott). Development of the carposporophyte of *Kallymenia reniformis* (Turner) J. Agardh. *Journal of Phycology* 6: 322-331.

(with Charles F. Rhyne). Studies on *Ulva* and other benthonic marine algae receiving treated sewage in ponds and in Calico Creek at Morehead City, North Carolina, pp. 112-132. *In* H. T. Odum and A. F. Chestnut (editors), Studies of marine estuarine ecosystems developing with treated sewage wastes. Annual Report for 1969-1970 to National Science Foundation, Sea Grant Project Division, Grant No. GH-18; North Carolina Board of Science and Technology, Grant No. 180 and No. 232. Chapel Hill, N.C.; Morehead City, N.C.: Institute of Marine Sciences, University of North Carolina.

1971

(with Richard B. Searles). Bibliography on Rhodophyta, pp. 760-767. *In* James R. Rosowski and Bruce C. Parker (editors), Selected papers in phycology. Lincoln, Nebraska: Department of Botany, University of Nebraska.

(with Charles F. Rhyne). Laboratory studies concerning the growth and reproduction in the seaweed, *Ulva curvata*, pp. 337-345. *In* E. J. Kuenzler and A. F. Chestnut (editors), Structure and functioning of estuarine ecosystems exposed to treated sewage wastes. Annual Report for 1970-1971 to National Oceanographic [ie, Oceanic] and Atmospheric Agency [ie, Administration], Office of Sea Grant Programs, Grant No. GH103, Project UNC-10. Chapel Hill, N.C.; Morehead City, N.C.: Institute of Marine Sciences, University of North Carolina.

(with David M. Talbert). Laboratory studies on the growth and nutrition of *Monodus* from the treated sewage ponds in Morehead City, pp. 174-181. *In* E. J. Kuenzler and A. F. Chestnut (editors), Structure and functioning of estuarine ecosystems exposed to treated sewage wastes. Annual Report for 1970-1971 to National Oceanographic [i.e., Oceanic] and Atmospheric Agency [ie, Administration], Office of Sea Grant Programs, Grant No. GH103, Project UNC-10. Chapel Hill, N.C.; Morehead City, N.C.: Institute of Marine Sciences, University of North Carolina.

1972

Algae, pp. 106-112. *In* Staff of the McGraw-Hill Encyclopedia of Science and Technology (compilers), McGraw-Hill Yearbook of Science and Technology 1971. New York: McGraw-Hill Book Company.

Taxonomic and phytogeographic relationships of warm temperate marine algae occurring in Pacific North America and Japan, pp. 66-71. *In* Kazutosi Nisizawa (editor), Proceedings of the Seventh International Seaweed Symposium. Tokyo: University of Tokyo Press.

1973

(with Yuan-Shen Huang). Cytological and biochemical studies on *Monodus* from the treated sewage ponds in Morehead City, pp. 15-32. *In* E. J. Kuenzler, A. F. Chestnut and C. M. Weiss, Structure and functioning of estuarine ecosystems exposed to treated sewage wastes III. 1971-1972. Sea Grant Publication UNC SG 73-10. Chapel Hill, N.C.: Sea Grant Program, School of Public Health, University of North Carolina.

1974

(with Neil G. Grant). The respiratory chain of *Chlorella protothecoides*: I. Inhibitor responses and cytochrome components of whole cells. *Plant Physiology* 54: 50-56.

(with Neil G. Grant). The respiratory chain of *Chlorella protothecoides*: II. Isolation and characterization of mitochondria. *Plant Physiology* 54: 57-59.

(with Donald W. Ott). Vaucheriae of North Carolina. I. Marine and brackish water species. *Journal of Phycology* 10: 373-385.

1975

(with Thomas V. Marsho). Slow 514 nm absorption phases and oxygen exchange transients in *Ulva*. *Biochimica et Biophysica Acta* 376: 354-365.

1978

(with J. G. Aghajanian). The fine structure of the pit connections of *Batrachospermum sirodotii* Skuja. *Protoplasma* 96: 247-265.

1980

(with John G. Aghajanian). Growth and differentiation of axial and lateral filaments in *Batrachospermum sirodotii* (Rhodophyta). *Journal of Phycology* 16: 15-28.

1981

[Abstract]. Biogeography and phylogeny of the families of Rhodophyceae, a model based on plate tectonics, p. 174. *In* D. J. Carr(editor), XIII International Botanical Congress, Sydney Australia, 21-28 August, 1981. Sydney, Australia: Australian Academy of Science.

[Abstract]. (with G. L. Leister). Biogeography of the family Gigartinaceae in subarctic waters, p. 174. *In* D. J. Carr(editor), XIII International Botanical Congress, Sydney Australia, 21-28 August, 1981. Sydney, Australia: Australian Academy of Science.

(with John A. West). Chapter 4: Rhodophyta: life histories, pp. 133-193. *In* Christopher S. Lobban and Michael J. Wynne (editors), *The biology of the seaweeds*. Oxford: Blackwell Scientific Publications.

[Abstract]. Evolution of families and genera of red algae in relation to their phytogeography, p. 11. *In* Abstracts of papers and posters to be presented at the 20th Northeast Algal Symposium, April 11-12, 1981. Woods Hole, Massachusetts: Marine Biological Laboratory.

(with Mary F. Hedberg and Yuan-Shen Huang). Size of the chloroplast genome in *Codium fragile*. *Science* 213: 445-447.

1982

(with Paul W. Gabrielson). The Atlantic species of *Solieria* (Gigartinales, Rhodophyta): their morphology, distribution, and affinities. *Journal of Phycology* 18: 31-45.

[Abstract]. Characterization of the Nitophyllum-group, Delesseriaceae, p. 10. *In* Abstracts of papers and posters to be presented at the 21st Northeast Algal Symposium May 1-2, 1982. Woods Hole, Massachusetts: Marine Biological Laboratories.

[Abstract]. Four phylogenetic lines in the Nitophylloideae, Delesseriaceae, p. a22. *In* First International Phycological Congress 1982, St. John's Newfoundland,

Canada, August 8th - 14th, Scientific Programme and Abstracts. [s.l.: International Phycological Congress].

(with Paul W. Gabrielson). The morphology of *Agardhiella subulata* representing the Agardhielleae, a new tribe in the Solieriaceae (Gigartinales, Rhodophyta). *Journal of Phycology* 18: 46-58.M

(with Lynda J. Goff). Reproductive development of the parasitic red alga *Gardneriella tuberifera* (Solieriaceae, Gigartinales). *Journal of Phycology* 18: 295-304.

1984

(with R. B. Searles and C. D. Amsler). The occurrence of *Codium fragile* subsp. *tomentosoides* and *C. taylorii* (Chlorophyta) in North Carolina. *Botanica Marina* 27: 185-187.

1985

[Abstract]. Biogeographic affinities of the South African red algal flora, p. 68. *In* Book of Abstracts, Second International Phycological Congress, Copenhagen, 4-10 August, 1985. [Copenhagen]: Institut for Sporeplanter, University of Copenhagen.

[Abstract]. (with S. Fredericq). Development of the female reproductive system in *Gelidium* before and after fertilization, p. 68. *In* Book of Abstracts, Second International Phycological Congress, Copenhagen, 4-10 August, 1985. [Copenhagen]: Institut for Sporeplanter, University of Copenhagen.

Abstract]. (with Suzanne Fredericq). Development of the carposporophyte in *Gelidium versicolor* from South Africa, p. 11. *In* Program and Abstracts, 24th Northeast Algal Symposium, April 27-28, 1985, Woods Hole. [Woods Hole, Massachusetts: Northeast Algal Symposium].

## **Volume 2**

1986

The biogeography of the South African marine red algae: a model. *Botanica Marina* 29: 257-270.

[Abstract]. Developmental strategies of the carposporophyte in Cryptonemiales and Gigartinales. *In* Program and Abstracts, 25th Northeast Algal Symposium, April 19-20, 1986, Woods Hole. [Woods Hole, Massachusetts: Northeast Algal Symposium].

[Abstract]. (with Suzanne Fredericq). Morphology, systematics and biogeography of Myriogramme (Delesseriaceae). *In* Program and Abstracts, 25th Northeast Algal Symposium, April 19-20, 1986, Woods Hole. [Woods Hole, Massachusetts: Northeast Algal Symposium].

1987

(with R. E. Norris and S. Fredericq). *Gelidium pteridifolium* (Rhodophyceae), a new species from Natal and the eastern Cape. *South African Journal of Botany* 53: 375-380.

1988

(with In Kyu Lee and John A. West). *Binghamiopsis caespitosa* gen. et sp. nov. (Lomentariaceae, Rhodophyceae) from the Eastern Pacific. *The Korean Journal of Phycology* 3: 1-13.

(with Suzanne Fredericq). An investigation of cystocarp development in *Gelidium pteridifolium* with a revised description of the Gelidiales (Rhodophyta). *Phycologia* 27: 254-272.

[Abstract]. (with Suzanne Fredericq). Nutritive tissues of the Floridean cystocarp, p. 19. *In* Abstracts, Third International Phycological Congress, Monash University, Melbourne, Australia, 14-20 August, 1988. [s.l.: International Phycological Congress].

1989

Biogeography of the marine red algae of the North Atlantic Ocean, pp. 349-410. *In* David J. Garbary and G. Robin South (editors), *Evolutionary biogeography of the marine algae of the North Atlantic*. NATO Advanced Science Institute, Series G: Ecological Sciences, vol. 22. New York, Berlin: Springer-Verlag.

(with Suzanne Fredericq). Comparative morphology and taxonomic status of *Gracilariopsis* (Gracilariales, Rhodophyta). *Journal of Phycology* 25: 228-241.

(with Suzanne Fredericq and James N. Norris). Morphological observations on the adelphoparasite *Gracilariophila oryzoides* (Gracilariales, Rhodophyta). *Japanese Journal of Phycology* (Sôru) 37: 167-179.

[Abstract]. (with S. Fredericq). Morphology and systematics of *Holmsella pachyderma* (Reinsch) Sturch a parasite of *Gracilaria* and *Gracilariopsis* from Great Britain and Ireland, p. 4. *In* Program and Abstracts, Twenty-Eighth Northeast Algal Symposium, Woods Hole, April 29-30, 1989. [Woods Hole, Massachusetts: Northeast Algal Symposium].

(with Suzanne Fredericq). Proposal of the Gracilariales ord. nov. (Rhodophyta) based on an analysis of the reproductive development of *Gracilaria verrucosa*. *Journal of Phycology* 25: 213-227.

(with Suzanne Fredericq). Reproductive morphology and development of the cystocarp in *Curdiea flabellata* Chapman (Gracilariales, Rhodophyta). *New Zealand Journal of Botany* 27: 521-530.

(with Mark E. Knauss). Vegetative and reproductive development of *Halarachnion ligulatum* (Gigartinales, Rhodophyta). *British Phycological Journal* 24: 39-52.

## 1990

(with Roy J. Coomans). Chapter 12: Vegetative growth and organization, pp. 275-304. *In* Kathleen M. Cole and Robert G. Sheath (editors), *Biology of the red algae*. New York: Cambridge University Press.

(with Suzanne Fredericq). Chapter 13: Sexual reproduction and cystocarp development, pp. 305-345. *In* Kathleen M. Cole and Robert G. Sheath (editors), *Biology of the red algae*. New York: Cambridge University Press.

(with Suzanne Fredericq). Diagnoses and key to the genera of the Gracilariaceae (Gracilariales, Rhodophyta). *Hydrobiologia* 204/205: 173-178.

(with Suzanne Fredericq). Morphology and systematics of *Holmsella pachyderma* (Pterocladophilaceae, Gracilariales). *British Phycological Journal* 25: 39-51.

Review of Wm. J. Woelkerling. 1988. The coralline red algae: an analysis of the genera and subfamilies of nongeniculate Corallinaceae. *Phycologia* 29: 126-127.

(with Suzanne Fredericq). Taxonomy of *Melanthalia obtusata* var. *abscissa* and its placement in the Gracilariales (Rhodophyta). *Cryptogamic Botany* 2: 4-11.

1991

[Abstract]. (with S. Fredericq). Biogeographic affinities of the red algae of the temperate North Atlantic Ocean. *In* Richard H. Fralick and James Sears (convenors), Program and Abstracts, 30th Northeast Algal Symposium, April 27th and 28th, 1991. Woods Hole, Massachusetts: Northeast Algal Symposium.

Review of K. Lüning. 1990. Seaweeds: their environment, biogeography, and ecophysiology. *American Scientist* 79: 270-271.

[Abstract]. (with Geoffrey L. Leister). "*Iridaea*" from Pacific North America compared to *Iridaea cordata* from South America. *Journal of Phycology* 27 (3 suppl.): 43.

[Abstract]. (with S. Fredericq). Development of the cystocarp in *Gigartina pistillata* and *G. teedii* from France. *Journal of Phycology* 27 (3 suppl.): 22.

[Abstract]. (with S. Fredericq). Systematics and biogeography of the Cystocloniaceae (Gigartinales, Rhodophyta). *Journal of Phycology* 27 (3 suppl.): 32.

1992

[Abstract]. (with S. Fredericq). Cystocarp development in *Mastocarpus stellatus* (Petrocelidaceae, Gigartinales), p. 78. *In* Abstracts and Programme, XIVth International Seaweed Symposium, Brittany, France, 1992. [s.l.: International Seaweed Symposium].

[Abstract]. (with M. D. Guiry). New perspectives in the taxonomy of the Gigartinaceae, p. 85. *In* Abstracts and Programme, XIVth International Seaweed Symposium, Brittany, France, 1992. [s.l.: International Seaweed Symposium].

(with S. Fredericq and J. Brodie). Developmental morphology of *Chondrus crispus* (Gigartinaceae, Rhodophyta). *Phycologia* 31: 542-563.

(with S. Fredericq and J. Cabioch). Developmental morphology of *Gigartina pistillata* (Gigartinaceae, Rhodophyta). *Phycologia* 31: 300-325.

(with S. Fredericq and G. L. Leister). Morphology and systematics of *Acanthococcus antarcticus* (Cystocloniaceae, Rhodophyta). *Phycologia* 31: 101-118.

[Abstract]. (with D. Wilson Freshwater and Mark W. Chase). Molecular systematics of the Gelidiales (Rhodophyta) based upon *rbcL* sequence analysis. *Journal of Phycology* 28 (3 suppl.): 4.

[Abstract]. (with Suzanne Fredericq). The position of *Rhodoglossum californicum* in the Gigartinaceae. *Journal of Phycology* 28 (3 suppl.): 3.

1993

[Abstract]. (with S. Fredericq and M. E. Ramírez). New insights regarding the taxonomic position of *Chondriella* and the Chondriellaceae (Gigartinales, Rhodophyta), p. 8. *In* [Program and Abstracts], Northeast Algal Symposium 1993, April 24-25, 1993, Marine Biological Laboratories, Woods Hole. Woods Hole, Massachusetts: Northeast Algal Society.

[Abstract]. (with S. Fredericq). Phylogenetic systematics of the Gigartinaceae (Rhodophyta) in California, p. 24. *In* [Program and Abstracts], Northeast Algal Symposium 1993, April 24-25, 1993, Marine Biological Laboratories, Woods Hole. Woods Hole, Massachusetts: Northeast Algal Society.

(with Michael D. Guiry, Suzanne Fredericq and Geoffrey L. Leister). New perspectives in the taxonomy of the Gigartinaceae (Gigartinales, Rhodophyta). *Hydrobiologia* 260/261: 105-120.

[Abstract]. (with S. Fredericq and D. W. Freshwater). Phylogenetic systematics and biogeography of the Gigartinaceae and Gelidiaceae based on comparative morphology and direct sequence analysis of the *rbcL* gene, p. 22. *In* Programme, Vth International Seaweed Biogeography Workshop, Cape Town, Botany Department, University of Cape Town, 12th-15th December 1993. [s.l.: International Seaweed Biogeography Workshop].

(with Christine A. Maggs). Seaweeds of the British Isles. Volume 1: Rhodophyta. Part 3A: Ceramiales. London: HMSO. xv, 444, 1 map.

1994

(with D. Wilson Freshwater, Suzanne Fredericq, Bradley S. Butler and Mark W. Chase). A gene phylogeny of the red algae (Rhodophyta) based on plastid *rbcL*. *Proceedings of the National Academy of Sciences of the United States of America* 91: 7281-7285.

[Abstract]. A new era in algal systematics: Rhodophyta, p. 13. *In* Abstracts: Fifth International Phycological Congress, 26 June to 2 July, 1994, Qingdao, Shandong, P.R. China. [s.l.: International Phycological Congress].

[Abstract]. (with D. Wilson Freshwater and Suzanne Fredericq). Phylogenetic analysis of the Gelidiales: new implications, p. 9. *In* Abstracts: Fifth International Phycological Congress, 26 June to 2 July, 1994, Qingdao, Shandong, P.R. China. [s.l.: International Phycological Congress].

[Abstract]. (with S. Fredericq and D. W. Freshwater). Systematics of the Gigartinaceae-complex based on development morphology and *rbcL* sequence analysis, p. 9. *In* Abstracts: Fifth International Phycological Congress, 26 June to 2 July, 1994, Qingdao, Shandong, P.R. China. [s.l.: International Phycological Congress].

[Abstract]. (with D. W. Freshwater and S. Fredericq). Phylogenetic analysis of the Gelidiales: new implications, p. a-28. *In* Conference Program and Book of Abstracts: American Society of Limnology and Oceanography and Phycological Society of America 1994 Joint Meeting, June 12-16, 1994, Miami, Florida, University of Miami/James L. Knight International Center. [s.l.: s.n.].

(with S. Fredericq and D. W. Freshwater). Phylogenetic systematics and biogeography of the Gigartinaceae (Gigartinales, Rhodophyta) based on sequence analysis of *rbcL*. *Botanica Marina* 37: 193-203.

### **Volume 3**

1995

[Abstract]. An assessment of the taxonomic position of *Pterocladia capillacea* based on morphological and molecular evidence. *In* Xth Conference of the Australasian Society of Phycology and Aquatic Botany, Stradbroke I. Queensland, 7-9 July. [original not seen].

[Abstract]. A model of the biogeography of the marine red algae of the southern ocean based on morphological and molecular evidence, p. 71. *In* Abstracts and Programme: XVth International Seaweed Symposium, January 1995, Valdivia, Chile. [s.l.: International Seaweed Association].

(with D. Wilson Freshwater and Suzanne Fredericq). A molecular phylogeny of the Gelidiales (Rhodophyta) based on analysis of plastid *rbcL* nucleotide sequences. *Journal of Phycology* 31: 616-632.

Review of H.B.S. Womersley. 1994. The marine benthic flora of Southern Australia. Rhodophyta. Part IIIA Bangiophyceae and Florideophyceae (Acrochaetiales, Nemaliales, Gelidiales, Hildenbrandiales, and Gigartinales sensu lato). *Phycologia* 34: 251-253.

1996

(with Suzanne Fredericq and D. Wilson Freshwater). The molecular systematics of some agar- and carrageenan-containing marine red algae based on *rbcL* sequence analysis. *Hydrobiologia* 326/327: 125-135.

[Abstract]. (with Suzanne Fredericq and Jeffrey R. Hughey). New perspectives in the phylogenetic, systematic and biogeography of the red algal order Gigartinales with special emphasis on representatives from Pacific North America, p. P-22: Conferencia Magistral. *In* II Congreso Mexicano de Ficología, Sociedad Ficológica de México, A.C., Universidad Autónoma de Baja California, 4 al 7 Noviembre, Ensenada, B.C. [s.l.: Sociedad Ficológica de México].

(with S. Fredericq). Vegetative and reproductive development of *Pterocladia capillacea* (Gelidiales, Rhodophyta) from La Jolla, California. *Nova Hedwigia* 112: 147-160.

[Abstract]. (with Suzanne Fredericq, James N. Norris, Elizabeth A. Zimmer and D. Wilson Freshwater). A phylogeny for the Solieriaceae and related red algal families inferred from *rbcL* sequence analysis and morphological evidence. *Journal of Phycology* 32 (3 suppl.): 22.

[Abstract]. (with Suzanne Fredericq, James N. Norris, Elizabeth A. Zimmer and D. Wilson Freshwater). Proposal of the Dumontiales ord. nov. and reinstatement of the Sphaerococcales Sjoestedt emend. based on family complexes previously placed in the marine red algal order Gigartinales. *Journal of Phycology* 32 (3 suppl.): 16.

1997

(with Suzanne Fredericq). Characterization of *Myriogramme livida*, Myriogrammeae trib. nov. (Delesseriaceae, Rhodophyta). *Journal of Phycology* 33: 106-121.

(with Suzanne Fredericq). Characterization of *Schizoseris condensate*, Schizoserideae trib. nov. (Delesseriaceae, Rhodophyta). *Journal of Phycology* 33: 475-490.

Postfertilization development and the nature of the connecting cell in *Aglaothamnion halliae* (Callithamnieae, Ceramiaceae). *Cryptogamie-Algologie* 18: 263-271.

(with B. Santelices). *Pterocliadiella*, a new genus in the Gelidiaceae (Gelidiales, Rhodophyta). *Phycologia* 36: 114-119.

[Abstract]. (with M. E. Volovsek and S. Fredericq). A model for the phylogenetic systematics of the Gigartinaceae (Gigartinales, Rhodophyta) based on cystocarp development. *Phycologia* 36 (4 suppl.): 40-41.

1998

(with Sarah M. Wilson and Gerald T. Kraft). Morphology and systematics of *Rhodocallis elegans*, Rhodocallideae, trib. nov. (Ceramiaceae, Rhodophyta), from southeastern Australia. *Journal of Phycology* 34: 865-879.

[Abstract]. (with S. Fredericq). The phylogeny and biogeography of the Solieriaceae (Rhodophyta) based on *rbcL* sequences and morphological evidence, Abstract 22. *In* XVIth International Seaweed Symposium: Programme, Abstracts, and Directory, Cebu City, Philippines, April 12-17. [s.l.: International Seaweed Association].

Review of Isabella A. Abbott (editor). 1997. Taxonomy of economic seaweeds: with reference to some pacific species, vol. 6. *Phycologia* 37: 154-155.

[Abstract]. (with S. Fredericq and J. Hughey). Phylogenetic systematics and biogeography of Gigartinaceae based on *rbcL* sequence analysis and morphological evidence. *Journal of Phycology* 34 (3 suppl.): 24-25.

1999

(with Gerald T. Kraft, Lawrence M. Liao, Alan J. K. Millar, Eric G. G. Coppejans and D. Wilson Freshwater). Marine benthic red algae (Rhodophyta) from Bulusan, Sorsogon Province, southern Luzon, Philippines. *Philippine Scientist* 36: 1-50.

(with Suzanne Fredericq and D. Wilson Freshwater). Observations on the phylogenetic systematics and biogeography of the Solieriaceae (Gigartinales, Rhodophyta) inferred from *rbcL* sequences and morphological evidence. *Hydrobiologia* 398/399: 25-38.

(with Suzanne Fredericq, D. Wilson Freshwater and Jeffery Hughey). Recent developments in the systematics of the Gigartinaceae (Gigartinales, Rhodophyta) based on *rbcL* sequence analysis and morphological evidence. *Phycological Research* 47: 139-151.

Review of I.A. Abbott. 1999. Marine red algae of the Hawaiian Islands. *Journal of Phycology* 35: 1338-1340.

[Abstract]. "Red Plants". *Journal of Phycology* 35 (3 suppl.): 15.

## 2000

[Abstract]. (with S. M. Lin and S. Fredericq). Phylogenetic and taxonomic reassessment of the Delesseriaceae (Ceramiales, Rhodophyta) based on two molecular data sets. *Journal of Phycology* 36 (3 suppl.): 44.

[Abstract]. (with M. E. Volovsek and P. Manos). The phylogenetics of Acrochaetiales revisited: inferences from *rbcL* and chloroplast encoded 23S rRNA sequence analysis. *Journal of Phycology* 36 (3 suppl.): 68-69.

[Abstract]. (with S. Fredericq and D. W. Freshwater). Significance of phylogenetic systematics for the biogeography of the marine red algae. *Journal of Phycology* 36 (3 suppl.): 31.

[Abstract]. (with J. R. Hughey). A systematic study of Gigartinaceae from Pacific North America based on molecular and morphological evidence. *Journal of Phycology* 36 (3 suppl.): 32.

## 2001

[Abstract]. (with S. Fredericq). Biogeography of the red seaweeds of the South African west coast: a molecular approach, p. 69. *In* Programme and Abstracts, XVIIIth International Seaweed Symposium, Cape Town, South Africa, 28 January-2 February. [s.l.: International Seaweed Association].

(with S. M. Lin and G. T. Kraft). Characterization of *Hemineura frondosa* and the Hemineureae trib. nov. (Delesseriaceae, Rhodophyta) from southern Australia. *Phycologia* 40: 135-146.

(with John A. West and G. C. Zuccarello). Morphology and reproduction of *Bostrychia pinnata* (Rhodomelaceae, Ceramiales) in laboratory culture. *Phycological Research* 49: 285-297.

(with P. W. Gabrielson). Review of John M. Huisman. 2000. Marine plants of Australia. *Journal of Phycology* 37: 350-351.

(with Jeffery R. Hughey and Paul C. Silva). Solving taxonomic and nomenclatural problems in Pacific Gigartinaceae (Rhodophyta) using DNA from type material. *Journal of Phycology* 37: 1091-1109.

(with Showe-Mei Lin and Suzanne Fredericq). Systematics of the Delesseriaceae (Ceramiaceae, Rhodophyta) based on large subunit rDNA and *rbcL* sequences, including the Phycodryioideae, subfam. nov. *Journal of Phycology* 37: 881-899.

[Abstract]. Biogeography of marine red algae: myths and realities. *Journal of Phycology* 37 (3 suppl.): 24-25.

[Abstract]. (with Suzanne Fredericq). Euptiloteae, a new tribe primarily from the southern hemisphere (subfam. Callithamnioideae Itono, Ceramiaceae, Rhodophyta). *Phycologia* 40 (4 suppl.): 22.

## 2002

(with Jeffery R. Hughey and Paul C. Silva). ITS1 sequences of type specimens of *Gigartina* and *Sarcothalia* and their significance for the classification of South African Gigartinaceae (Gigartinales, Rhodophyta). *European Journal of Phycology* 37: 209-216.

(with Lynne McIvor, Christine A. Maggs and Michael D. Guiry). Phylogenetic analysis of the geographically disjunct genus *Osmundea* Stackhouse (Rhodomelaceae, Rhodophyta). *Constancea* 83: 9. [http://ucjeps.berkeley.edu/constancea/83/mcivor\\_et al/osmundea.html](http://ucjeps.berkeley.edu/constancea/83/mcivor_et al/osmundea.html). (Date Accessed: June 13, 2006).

[Abstract]. (with S. -M Lin and S. Fredericq). Apoglosseae trib. nov. (Delesseriaceae, Rhodophyta) based on two molecular datasets and cystocarp development. *Journal of Phycology* 38 (1 suppl.): 23-24.

[Abstract]. (with S. Fredericq and D. W. Freshwater). Classification of the red algal family Ceramiaceae at the subfamily and tribal levels. *Japanese Journal of Phycology* (Sôruï) 50: 46.

2003

(with Suzanne Fredericq). Biogeography of the marine red algae of the South African west coast: a molecular approach, pp. 325-336. *In* Anthony R. O. Chapman, Robert J. Anderson, Valerie J. Vreeland and Ian R. Davison (editors), Seventeenth International Seaweed Symposium, Proceedings of the XVIIth International Seaweed Symposium, Cape Town, South Africa, 28 January - 2 February 2001. Oxford: Oxford University Press.

(with Lawrence M. Liao). A morphological study and taxonomic reassessment of the generitype species in the Gracilariaceae. *Journal of Phycology* 39: 1207-1232.

Review of H.B.S. Womersley. 2003. The marine benthic flora of southern Australia, Rhodophyta, Part IIID, Ceramiales-Delesseriaceae, Sarcomeniaceae, Rhodymelaceae. *Journal of Phycology* 39: 1001-1004.

(with Carlos Frederico D. Gurgel, Lawrence M. Liao and Suzanne Fredericq). Systematics of *Gracilariopsis* (Gracilariales, Rhodophyta) based on *rbcL* sequence analyses and morphological evidence. *Journal of Phycology* 39: 154-171.

[Abstract]. (with T. O. Cho, S. Fredericq and S. M. Boo). Proposal of a new red algal genus in the Ceramieae (Ceramiales, Ceramiaceae). *Journal of Phycology* 39 (1 suppl.): 9-10.

2004

(with Gary W. Saunders). Assessing red algal supraordinal diversity and taxonomy in the context of contemporary systematic data. *American Journal of Botany* 91: 1494-1507.

(with Showe-Mei Lin and Suzanne Fredericq). *Augophyllum*, a new genus of the Delesseriaceae (Rhodophyta) based on *rbcL* sequence analysis and cystocarp development. *Journal of Phycology* 40: 962-976.

(with Oliver De Clerck and Eric Coppejans). A morphological study and taxonomic revision of *Euptilota* (Cermiaceae, Rhodophyta). *European Journal of Phycology* 39: 369-393.

[Abstract]. (with D. W. Freshwater, T. -O Cho and S. Fredericq). The Ptiloteae (Ceramiales, Rhodophyta) in the North Pacific and North Atlantic Oceans, pp. 59-60. *In* Programme and Abstracts, XVIII International Seaweed Symposium, Bergen, Norway, June 20-25. [s.l.: International Seaweed Association].

(with Showe-Mei Lin and Suzanne Fredericq). Two new species of *Martensia* (Delesseriaceae, Rhodophyta) from Kenting National Park, southern Taiwan. *Phycologia* 43: 13-25.

[Abstract]. (with D. W. Freshwater). "A seaweed goes to war" - Taxonomic status of the agarophyte *Gracilaria "confervoides"* harvested in North Carolina during WWII. *Journal of Phycology* 40 (1 suppl.): 8.

2006

(with John A. West, Giuseppe C. Zuccarello, Ulf Karsten and Solvig Görs). Observations on *Bostrychia radicata* comb. nov. (Rhodomelaceae, Rhodophyta). *Phycological Research* 54: 1-14.

(with D. W. Freshwater, M. Lopez-Bautesta and S. Fredericq). Proposal of the Euptiloteae Hommersand et Fredericq, trib. nov. and transfer of some Southern Hemisphere Ptiloteae to the Callithamnieae (Ceramiaceae, Rhodophyta). *Journal of Phycology* 42: 203-225.

A bibliography of the publications of Max H. Hommersand. Compiled by Kari A. Kozak, William R. Burk, and Ian Ewing.
